FREQUENTLY ASKED *Questions*

How safe is your venue?

We utilize a specialized cleaning service, on top of our own cleanliness protocols. All of our seating areas are properly spaced and COVID protections set in place. With our outdoor seating, we're able to offer space that's open, airy, and sanitized. We often lift all four of the FireHouse garage doors = space, transformed.

Do you allow outside food or alcohol?

Unfortunately, no. We encourage guests to bring their own dessert of their choosing, if they like. We are happy to hold your dessert in our walk-in fridge.

Can I get my deposit back if we cancel?

If you cancel inside of two weeks the deposit is nonrefundable. Talk with us regarding medical emergencies and inclement weather. Case-by-case basis.

Can we decorate our space?

Of course! We definitely support our guests decorating their space as needed. As long as the decoration does not damage any property, we're happy. With that, we do ask that you coordinate with us regarding any gender reveal displays.

Can we bring in rented/outside furniture?

If you need to bring in additional tables or chairs for your event, we definitely understand and support that. Just coordinate with us ahead of time to discuss date/time of delivery and storage.

Can we bring in our own band or DJ?

It depends on the day of the week, time, and rental agreement. We require our in-house sound engineer at \$25/hr. Talk with us. We're here to help plan your perfect event!

Do you provide any audio or video equipment for rent?

Yes, we do. Let us know exactly what you require and we'll help work to make it happen!
